

## HOW DO POND-CLEAR™ PELLETS REDUCE MUCKY BOTTOMS?

Muck is caused by rotting vegetation, leaves, twigs and fish waste that accumulate on the bottom of your pond. Pond-Clear™ Pellets are a special blend of highly concentrated beneficial bacteria. Designed for spot-treating, they go to work on contact to rapidly dissolve organic waste into an odorless gas which escapes unnoticed out of the water column. Pond-Clear™ Pellets are so effective that when used regularly you can remove up to 5 inches of muck per year!

### HOW TO APPLY:

Broadcast pellets evenly over the treatment area by hand or spreader. Treatment areas should be measured in sq.ft.

Example: If you wish to treat a beach area that consist of 100' of shoreline and extends 30' out into the pond or lake. (100 x 30 = 3,000 sq. ft.)

### WHEN TO APPLY:

Apply every 2-4 weeks when water temperatures are above 50°F. Treatment should continue until desired results are achieved. Wait 3 days after an algaecide and/or herbicide treatment to apply Pond-Clear™ Pellets.

### QUICK DOSE CHART

Treatment Area	Dosage	Number of Treatments
0-1,000 sq. ft.	0.5 lb	20
1,001 - 2,000	1 lb	10
2,001 - 4,000	2 lbs	5
4,001 - 6,000	3 lbs	3

For larger areas use 0.5 lb per 1,000 sq. ft.

### WATER USE RESTRICTIONS:

Pond-Clear™ Pellets may be applied to lakes and ponds used for irrigation and aquaculture. Water treated with Pond-Clear™ Pellets may be used for fishing, swimming and/or irrigation immediately after treatment. Do not apply to water that will be used for human consumption.

### STORAGE AND HANDLING:

Keep product in original container and closed when not in use. Store in a cool, dry place. Pond-Clear™ Pellets may be frozen with no adverse effects and have a 5-year shelf life. Wear rubber gloves when handling.

### ATTENTION:

Failure to use as directed, or sudden changes in water conditions not consistent with label, may result in the loss or injury of aquatic life. Airmax® Eco-Systems, Inc. is not responsible for any loss of aquatic life.

### KEEP OUT OF REACH OF CHILDREN

Avoid dust inhalation. Avoid contact with skin, eyes and clothing. Wash with soap and water after use.

## 4-Steps to the Perfect Eco-System™

### AIRMAX® AERATION

- Clean and clear water column
- Elimination of thermal stratification
- Reduced sediment
- Stronger and more productive fish population

### POND-CLEAR™ DEFENSE PACKETS

- Naturally Improves Water Clarity through the Reduction of Nutrients
- Easy to Use Water Soluble Packets
- Reduces "Mucky" Bottoms & Noxious Odors

### NATURE'S BLUE™ S.C. DEFENSE™ POND DYE

- Beautifies Your Pond With a Natural Blue Color
- Ready-To-Use Quart Equal to One Gallon of Regular Strength Pond & Lake Colorants

### NUTRI-DEFENSE™

- Binds Phosphates Clearing the Water Column
- Promotes Natural, Beneficial Bacteria
- Easy to Use Water Soluble Packets
